To Whom it May Concern,

I'm very interested in seeking a position in screenwriting. I currently attend Ripon High School as a senior and am enrolled in Loyola Marymount University for the 2021 fall semester. There I will major in screenwriting, further developing my current skills and learning new ones. I have earned a 4.05 GPA, while participating in extracurricular activities.

This past summer I had the privilege of attending the summer program for screenwriting at Loyola Marymount. While in the program, I learned how to properly build a story and the proper format for screenwriting. I also gained knowledge on how a writer's room would work when we did a simulation of one.

I am passionate with my work and seek any opportunity to further and improve my abilities. I am available for interviewing at your convenience and look forward to speaking with you. I can be contacted primarily through email, but through phone works as well.

Sincerely,
Isabella DiGiulio
